MANAGEMENT DISCUSSION & ANALYSIS REPORT

Pursuant to SEBI (LODR) Regulations, 2015, your Directors have the pleasure in presenting the Management Discussion and Analysis Report for the year ended on March 31, 2024.

INDUSTRY OVERVIEW

Glass is one of the most useful materials in our daily life. Today glass is so commonly used that its presence often goes unnoticed. The Indian glass industry consists of seven segments namely, sheet and flat glass (NIC-26101), glass fibre and glass wool(NIC-26102),hollow glassware (NIC-26103), laboratory glassware (NIC-26104), table and kitchen glassware (NIC- 26105), glass bangles (NIC- 26106) and other glass wares(NIC – 26109). India is among the top15 markets for glass packaging globally and is 3rd fastest growing market after Turkey and Brazil. The global market for Indian glassware is fragmented and spread across several countries. Most of the glass demand in the country comes from container glass which accounts for 50% of the country's glass consumption by value. Apart from few big manufacturers, it is estimated that there are more than1000 manufacturers in MSME segment. There is no specific glass sector related policy in the country. The energy consumption by glass industries is quite significant for different group companies and a number of plants involved in the production of float glass and container glass would qualify to be 'Designated Consumers'(DCs).

The Indian glass industry has been growing across all segments. Sheet and float glass have recorded the fastest growth, at nearly 67 per cent CAGR (Compound Annual Growth Rate) between 2001 and 2005. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the

AGARWAL FLOAT GLASS INDIA LIMITED

(Formerly known as Agarwal Float Glass India Private Limited)

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's

AGARWAL FLOAT GLASS INDIA LIMITED

(Formerly known as Agarwal Float Glass India Private Limited)

report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the
